Levigatrice per gradini. Questa macchina è stata progettata dai nostri tecnici per risolvere il problema di lucidare scalini e pianerottoli nel minor tempo possibile e con minore difficoltà. La sua caratteristica principale è la facilità d'impiego grazie alle sue ridotte dimensioni.

I dati tecnici sono indicativi. La ditta costruttrice si riserva di apportare eventuali modifiche senza preavviso.

Schleifmaschine für studen. Diese Maschine ist von unseren Technikern geplant worden, um Stufen und Treppen in der Kurzestmögliche Zeit und mit den geringstmöglichen Schwierigkeiten zu schleifen. Ihre Haupteigenschaft ist einfache Handhabung, dank der Ausmasse der Maschine.

Technische Angabe sind indikativ. Änderungen ohne vorankündigung vorbehalten.

Polishing Machine for steps. This machine has been designed by our technicians to solve the problem of polishing steps and landings as quickly and easily as possible. Its reduced dimensions make for extreme manageability, which is its chief attraction.

The above technical data are informative only and are in no way binding. The manufacturer reserves the right to modify machine without prior notice.

Ponceuse pour marches. Cette machine a été projetée par nos techniciens pour résoudre le problème du polissage des marches et paliers le plus rapidement possible et avec moins de difficultés. Sa caractéristique principale est sa facilité* d'emploi due aux dimensions de la machine.

La maison se réserve le droit d'apporter des modifications par suit d'exigences techniques.
